THE WEEKLY DIGEST

Volume 37—Number 6 Section TWO Week of February 8, 1959

INDEX TO VOLUME 36

July Through December 1958

As you know, items in QUOTE, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of QUOTE, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Achievement—6-1;" tells you that an item on Achievement will be found in the sixth issue of QUOTE under index number 1.

One or more letters, following an issue number, refers to material in regular departments. For example: "Agriculture—3-MF;" indicates that an item on Agriculture appears in *Moving Finger* in issue number 3. The reference to "Ash-Trays—14-NN;" means that an item on that subject appears in *News of the New* in issue 14. The reference to "Brevity—13-c;" means that an item on that subject will be found in the regular *Good Stories* section of issue 13 under index letter c.

Quotations in the section *May We* QUOTE *You On That?* are also numbered consecutively. In the index, a reference such as "America, President —6-7Q;" refers to a quotation on that subject in the 6th issue, numbered seven in the *May We* QUOTE . . . section. When the letter t follows the Q, as in the reference "Alaska—5-1Q-t;" it indicates the special *Quote-ette* feature in issue 5. A complete list of department abbreviations appears below:
